

Hi! I am Kelly.  
I am a mum to 6,  
and have had nearly  
12 years of  
breastfeeding  
experience, with  
more ups than  
downs.

Before children I was an RN and Plunket nurse. I know it can be so valuable to have some love and support in challenging times, and I want to encourage other mumma to have a beautiful relationship with their baby in all senses, feeding included.

I'm very happy to visit at home, during the week, please message me on 021 158 7371 to arrange a time.
